

ZYRIS (vers.2)

Optimizing Dental Care: One Procedure at a Time

<p>FADE IN:</p> <p>Opening shot of a dental office with a bustling atmosphere.</p> <p>Cut To:</p> <p>Footage showcasing Zyris Isolite's benefits in action.</p> <p>More video of the Zyris Isolite in action.</p> <p>Cut To:</p>	<p style="text-align: center;">Narrator (bright and enthusiastic)</p> <p>In a busy dental practice, time is of the essence. Imagine this: It's Monday morning, and your first patient is running late. The schedule is already pretty tight, and <u>now</u> you're behind before the day has even begun.</p> <p>During unexpected challenges like a restorative prep turning into a more invasive procedure...</p> <p>-- or a routine hygiene appointment mutating into an emergency, every minute counts. This is where the Zyris Isolite steps in to help.</p> <p>With the Zyris Isolite – dental assistants are free to do more.</p>

demonstrating the **Isolite**
to new recruits

Barbara

(Testimonial #2)

I've been assisting since
the 80s, and I can't imagine
working without it. It's
just amazing. It helps me do
a better job faster. The
area is isolated, and it
really helps you see what
you're doing.

Vanessa

(Testimonial #3)

The isolation that it gives
is great. The doctors are
able to prep the tooth
without worrying about the
tongue. I can just
concentrate on patient care
and making sure the patient
is comfortable.

Narrator

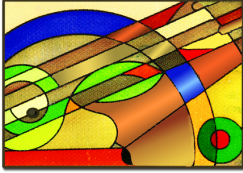

With its soft, flexible,
latex-free polymer
construction, the Isolite
mouthpiece provides dual-
channel suction and the
benefits of a rubber dam
without the hassle.

Barbara

Sealants are amazing with
Isolite. Without it, you
can't place the sealant and
have it bond properly. It's
just amazing.

Narrator

Whether it's composite
restorations, sealants, or
any more complex procedures
like doing a crown or a
bridge or even implants, the

<p>Cut To:</p> <p>SEQ. Dental Procedures being performed smoothly with the help of Isolite</p> <p>[Closing shot of the Zyris Isolite logo with contact information]</p>	<p>Isolite makes it easier for new dental assistants to get comfortable and confident in their roles while enjoying work-life balance.</p> <p style="text-align: center;">Narrator (Continued)</p> <p>Don't let outdated methods slow you down. Join the ranks of satisfied professionals who have already embraced the Zyris Isolite and experience the difference for yourself.</p> <p>Zyris Isolite – optimizing dental care, one procedure at a time.</p>
